For example, we may aggregate your Usage Data to calculate the percentage of users accessing a specific website feature. However, if we combine or connect Aggregated Data with your personal data so that it can directly or indirectly identify you, we treat the combined data as personal data which will be used in accordance with this privacy policy.

Marketing

We strive to provide you with choices regarding certain personal data uses, particularly around marketing and advertising.

Promotional offers from us

We may use your Identity, Contact, Technical, Usage and Profile Data to form a view on what we think you may want or need, or what may be of interest to you. This is how we decide which products, services and offers may be relevant for you (we call this marketing).

You will receive marketing communications from us if you have requested information from us or purchased services from us and you have not opted out of receiving that marketing.

Third-party marketing

We will get your express opt-in consent before we share your personal data with any third party for marketing purposes.

Opting out

You can ask us or third parties to stop sending you marketing messages at any time by contacting us at any time by emailing us at hello@nimby.ai.

Where you opt out of receiving these marketing messages, this will not apply to personal data provided to us as a result of a product/service purchase, product/service experience or other transactions.

Cookies

You can set your browser to refuse all or some browser cookies, or to alert you when websites set or access cookies. If you disable or refuse cookies, please note that some parts of this website may become inaccessible or not function properly.

Change of purpose

We will only use your personal data for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original

purpose. If you wish to get an explanation as to how the processing for the new purpose is compatible with the original purpose, please contact us.

If we need to use your personal data for an unrelated purpose, we will notify you and we will explain the legal basis which allows us to do so.

Please note that we may process your personal data without your knowledge or consent, in compliance with the above rules, where this is required or permitted by law.

5. Disclosures of your personal data

We may share your personal data with the parties set out below for the purposes set out in the table *Purposes for which we will use your personal data* above.

- Internal Third Parties as set out in the *Glossary*.
- External Third Parties as set out in the *Glossary*.
- Specific third parties, such as Stripe (who process our payments).
- Third parties to whom we may choose to sell, transfer or merge parts of our business or our assets. Alternatively, we may seek to acquire other businesses or merge with them. If a change happens to our business, then the new owners may use your personal data in the same way as set out in this privacy policy.

We require all third parties to respect the security of your personal data and to treat it in accordance with the law. We do not allow our third-party service providers to use your personal data for their own

purposes and only permit them to process your personal data for specified purposes and in accordance with our instructions.

6. International transfers

Whenever we transfer your personal data out of the UK, we ensure a similar degree of protection is afforded to it by ensuring at least one of the following safeguards is implemented:

- We will only transfer your personal data to countries that have been deemed to provide an adequate level of protection for personal data.
- Where we use certain service providers, we may use specific contracts approved for use in the UK which give personal data the same protection it has in the UK, known as the 'standard contractual clauses'.

We share your personal data within the Stripe Group. This will involve transferring your data outside the UK.

7. Data security

We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. In addition, we limit access to your personal data to those employees, agents, contractors and other third parties who have a business need to know. They will only process your personal data on our instructions and they are subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected personal data breach and will notify you and any applicable regulator of a breach where we are legally required to do so.

8. Data retention

How long will you use my personal data for?

We will only retain your personal data for as long as reasonably necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, regulatory, tax, accounting or reporting requirements. We may retain your personal data for a longer period in the event of a complaint or if we reasonably believe there is a prospect of litigation in respect to our relationship with you.

To determine the appropriate retention period for personal data, we consider the amount, nature and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of your personal data, the purposes for which we process your personal data and whether we can achieve those

purposes through other means, and the applicable legal, regulatory, tax, accounting or other requirements.

By law we have to keep basic information about our customers (including Contact, Identity, Financial and Transaction Data) for six years after they cease being customers for tax purposes.

In some circumstances you can ask us to delete your data: see [*your legal rights*] below for further information.

What we may need from you

We may need to request specific information from you to help us confirm your identity and ensure your right to access your personal data (or to exercise any of your other rights). This is a security measure to

ensure that personal data is not disclosed to any person who has no right to receive it. We may also contact you to ask you for further information in relation to your request to speed up our response.

10. Glossary

LAWFUL BASIS

Legitimate Interest means the interest of our business in conducting and managing our business to enable us to give you the best service/product and the best and most secure experience. We make sure we consider and balance any potential impact on you (both positive and negative) and your rights before we process your personal data for our legitimate interests. We do not use your personal data for activities where our interests are overridden by the impact on you (unless we have your consent or are

otherwise required or permitted to by law). You can obtain further information about how we assess our legitimate interests against any potential impact on you in respect of specific activities by contacting us.

Performance of Contract means processing your data where it is necessary for the performance of a contract to which you are a party or to take steps at your request before entering into such a contract.

Comply with a legal obligation means processing your personal data where it is necessary for compliance with a legal obligation that we are subject to.

THIRD PARTIES

Internal Third Parties

External Third Parties

- Service providers acting as processors based the US and Ireland such as Stripe, who provide payment processing services.
- Professional advisers including lawyers, bankers, auditors and insurers based in the UK who provide consultancy, banking, legal, insurance and accounting services.

YOUR LEGAL RIGHTS

You have the right to:

Request access to your personal data (commonly known as a "data subject access request"). This enables you to receive a copy of the personal data we hold about you and to check that we are lawfully processing it.

Request correction of the personal data that we hold about you. This enables you to have any incomplete or inaccurate data we hold about you corrected, though we may need to verify the accuracy of the new data you provide to us.

Request erasure of your personal data. This enables you to ask us to delete or remove personal data where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your personal data where you have successfully exercised your right to object to processing (see below), where we may have processed your information unlawfully or where we are required to erase your personal data to comply with local law. Note, however, that we may not always be able to comply with your request of erasure for specific legal reasons which will be notified to you, if applicable, at the time of your request.

Object to processing of your personal data where we are relying on a legitimate interest (or those of a third party) and there is something about your particular situation which makes you want to object to processing on this ground as you feel it impacts on your fundamental rights and freedoms. You also

have the right to object where we are processing your personal data for direct marketing purposes. In some cases, we may demonstrate that we have compelling legitimate grounds to process your information which override your rights and freedoms.

Request restriction of processing of your personal data. This enables you to ask us to suspend the processing of your personal data in the following scenarios:

- If you want us to establish the data's accuracy.
- Where our use of the data is unlawful but you do not want us to erase it.
- Where you need us to hold the data even if we no longer require it as you need it to establish, exercise or defend legal claims.
- You have objected to our use of your data but we need to verify whether we have overriding legitimate grounds to use it.

Request the transfer of your personal data to you or to a third party. We will provide to you, or a third party you have chosen, your personal data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.

Withdraw consent at any time where we are relying on consent to process your personal data. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain products or services to you. We will advise you if this is the case at the time you withdraw your consent.
